# MASK

## INTRODUCE

It is a safe and reliable disposable mask produced by a strict quality control system in a domestic factory equipped with the latest facilities.

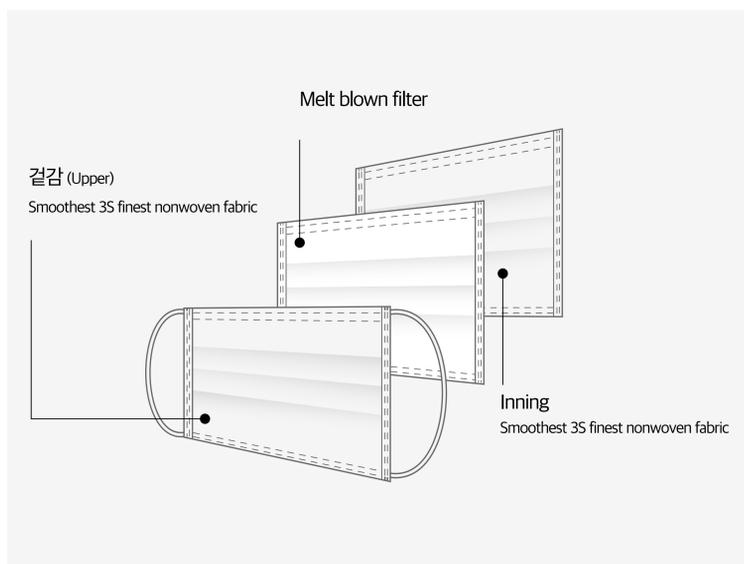

### 01. 100% MADE IN KOREA

Domestically produced high-quality materials and domestically produced masks that have undergone strict manufacturing processes

### 02. Product that has been certified by an institutional quality test.

KATRI Korea Apparel Testing and Research Institute and KOTITI Testing and Research Institute received certification for hazardous substances and performance tests.

### 03. We produce masks of various colors.

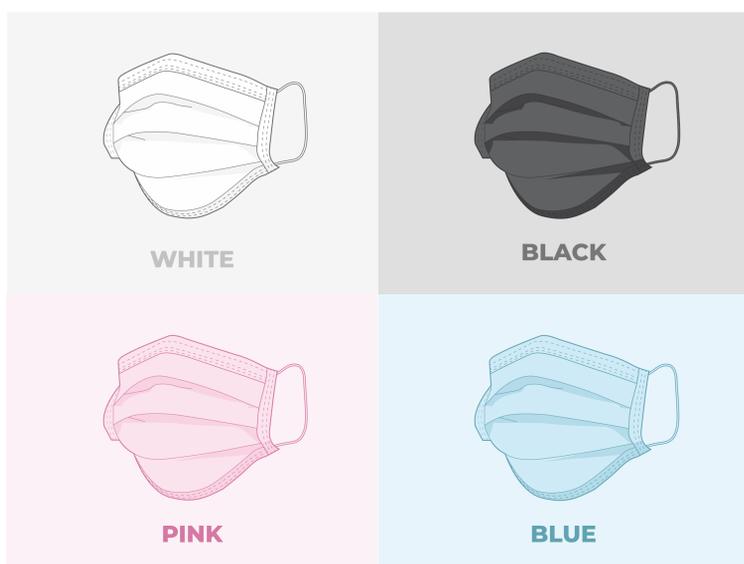

We produce a total of 4 different masks, including white, blue, pink and black.

### 04. The highest grade 3S non-woven fabric is used.

The outer and lining of the mask uses only 3S grade, the highest grade in existence.

### 05. It is a triple structure with Melt Blown filter.

Includes a high-efficiency MB(meltbrow) filter used in hygiene masks.

# MASK BRANDING

Based on thorough marketing research, we have branded '4 concepts' and confidently suggest more competitive products reflecting customer needs and social trends.

## 01. Gift Box

give health to your  
precious person.

As today's masks symbolize health and safety, we're looking to explore new markets with differentiated branding.

## 02. Manner Mask

This mask is worn by you, who have a heart and manners to save me and others' lives.  
The mask prompts you to observe manners for the safety of all essentials, not the selection.

## 03. 365 Daily Mask

A 365 day mask that keeps the right temperature at 36.5 degrees.

This product contains the middle meaning of the mask that is used '36.5 degrees Celsius proper body temperature' and '365 days daily'.

## 04. Cosmetics

How to express beautiful me

Good quality is excellent for targeting female customers who care about packaging.

# MASK SAFETY CERTIFICATE

A splash blocking mask test\* inspection report based on the Ministry of Food and Drug Safety.

문서확인번호 : D3ZG-Z9OI-YMRU-YMVN
